Optimyst® | 230V/50Hz | 2000 Watt

Heart-warming beacon

“Our FYR Line was inspired by the world-famous Scandinavian lighthouses: rugged fireplaces made from authentic materials, with pure, subtle details. Each one features beautiful flames thanks to the electric Optimyst® fire: visually appealing, safe and clean, as they are formed from natural cold water vapour and lighting.

For a heart-warming homely beacon

The Fyr 127 is a real innovation in the field of electric atmospheric fire. This fireplace is suitable for a range of applications, from small apartments to large public spaces and catering. The fire effect creates lively and real flames that rise from the center of the fireplace. The luxurious top plates are available with different wood finishes. In addition, you can adjust the flame height. Welcome to the future.”

- Premium quality design, finish and appearance
- Easy-fill water tank, offering approx. 8-10 hours of operation
- 24/7 timer ensures a high flexibility, each day of the week can be set individually
- Enjoy the ambiance of the flames with or without the heater for all year round comfort
